Important Information

1. FBT Adjustments

A) Are motor vehicles available for private use to any employees, including shareholder employees and their spouses?

If yes, please provide vehicle details and days available for private use in the table below:

Name of Employee	Vehicle Make and Model	Days available for private use

If no, please confirm all the following conditions are met:

- The principal design of the vehicle is not for carrying passengers eg. a Truck, Van or Ute
- The vehicle is sign written with the business name.
- You have notified employees/shareholders that the vehicle is not available for private use.
- You have recorded checks carried out to ensure employees/shareholders are not using the vehicle for private use.

B) Do employees/shareholders receive free, subsidised, or discounted goods or services?

C) Do employees receive low interest loans or is the shareholder current account overdrawn?

2. Related parties – is there a Company, Trust or Business which the primary owners are associated or related to you?

Due to unintended consequences and additional accounting complexity, we recommend these transactions are avoided or limited as much as is possible.

- Do you pay or receive a management fee from an associated business?
- Do you pay invoices or receive funds on behalf of a related party?
- Have you bought, sold or transferred assets between related parties?
- Have you received or issued loans to a related party?
- Do you lend or use resources, materials or assets for no consideration that belong to a related party?
- Are you aware of the changes to trust legislation which occurred in January 2021 and how they may affect your trust?

3. Do all Directors understand the responsibilities and risks of being a director?

4. Please confirm that all bank accounts, investments, properties and loans are included AND held in the legal name of the company.

5. Do you have a large volume of personal transactions recorded in the Business bank account. Are these clearly identified as private?

We recommend limited personal transactions to a weekly or fortnightly “wage equivalent” and keeping personal transactions outside of the business bank account.
